8	[younger]	<p>Section Header: <i>Thank you for taking the time to help us to improve our prenatal screening game called the Meaning of Screening. The following questions are about Prenatal Screening (otherwise known as NIPT - Non-Invasive Prenatal Testing, NIPS - Non-Invasive Prenatal Screening or Cell Free DNA).</i></p> <p>The younger a woman is, the greater the chance she has for having a baby with Down Syndrome.</p>	radio, Required <table><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Dont know</td></tr></table>	1	True	2	False	3	Dont know		
1	True										
2	False										
3	Dont know										
9	[primary]	What is the main purpose of prenatal screening?	radio, Required <table><tr><td>1</td><td>To see if the baby has an increased risk of Down syndrome</td></tr><tr><td>2</td><td>To see if the baby has a heart problem</td></tr><tr><td>3</td><td>To know for sure if the baby has Down Syndrome</td></tr><tr><td>4</td><td>To see how big the baby will grow</td></tr></table>	1	To see if the baby has an increased risk of Down syndrome	2	To see if the baby has a heart problem	3	To know for sure if the baby has Down Syndrome	4	To see how big the baby will grow
1	To see if the baby has an increased risk of Down syndrome										
2	To see if the baby has a heart problem										
3	To know for sure if the baby has Down Syndrome										
4	To see how big the baby will grow										
10	[required]	Prenatal screening is a choice offered by a prenatal care provider. Pregnant women are not required to do this screening test.	radio, Required <table><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	1	True	2	False	3	Don't know		
1	True										
2	False										
3	Don't know										
11	[positive_screen]	What does a positive NIPT screening result likely mean?	radio, Required <table><tr><td>1</td><td>it means there is no problem with the baby.</td></tr><tr><td>2</td><td>it means the baby definitely has Down syndrome.</td></tr><tr><td>3</td><td>it means there is an increased risk for a neural tube defect</td></tr><tr><td>4</td><td>it means the woman may want to get diagnostic testing because the baby has an increased risk for Down syndrome</td></tr></table>	1	it means there is no problem with the baby.	2	it means the baby definitely has Down syndrome.	3	it means there is an increased risk for a neural tube defect	4	it means the woman may want to get diagnostic testing because the baby has an increased risk for Down syndrome
1	it means there is no problem with the baby.										
2	it means the baby definitely has Down syndrome.										
3	it means there is an increased risk for a neural tube defect										
4	it means the woman may want to get diagnostic testing because the baby has an increased risk for Down syndrome										
12	[insurance]	All prenatal screening tests are covered by insurance.	radio, Required <table><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	1	True	2	False	3	Don't know		
1	True										
2	False										
3	Don't know										
13	[false_positive]	Which of the following is an example of a false positive screening result?	radio, Required <table><tr><td>1</td><td>The screening test shows the baby has increased risk for Down syndrome but diagnostic testing shows the baby does NOT.</td></tr><tr><td>2</td><td>The screening test shows that the baby has no increased risk for Down syndrome</td></tr></table>	1	The screening test shows the baby has increased risk for Down syndrome but diagnostic testing shows the baby does NOT.	2	The screening test shows that the baby has no increased risk for Down syndrome				
1	The screening test shows the baby has increased risk for Down syndrome but diagnostic testing shows the baby does NOT.										
2	The screening test shows that the baby has no increased risk for Down syndrome										

				<table><tr><td>3</td><td>The screening test shows the baby has some other problem</td></tr><tr><td>4</td><td>The screening test shows a normal result</td></tr></table>	3	The screening test shows the baby has some other problem	4	The screening test shows a normal result				
3	The screening test shows the baby has some other problem											
4	The screening test shows a normal result											
14	[sex_baby]	The main reason prenatal care providers order prenatal screening is to find out the sex of the baby.	radio, Required	<table><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	1	True	2	False	3	Don't know		
1	True											
2	False											
3	Don't know											
15	[different]	How is a prenatal screening test different from a diagnostic test?	radio, Required	<table><tr><td>1</td><td>A screening test can tell for certain if a baby has Down syndrome.</td></tr><tr><td>2</td><td>A diagnostic test can tell for certain if a baby has Down syndrome.</td></tr><tr><td>3</td><td>Only a screening test can tell about the sex of the baby.</td></tr><tr><td>4</td><td>NIPT screening tests are less expensive than diagnostic tests.</td></tr></table>	1	A screening test can tell for certain if a baby has Down syndrome.	2	A diagnostic test can tell for certain if a baby has Down syndrome.	3	Only a screening test can tell about the sex of the baby.	4	NIPT screening tests are less expensive than diagnostic tests.
1	A screening test can tell for certain if a baby has Down syndrome.											
2	A diagnostic test can tell for certain if a baby has Down syndrome.											
3	Only a screening test can tell about the sex of the baby.											
4	NIPT screening tests are less expensive than diagnostic tests.											
16	[sure]	A positive screening result means there could be something wrong with a baby. Further diagnostic testing is required to know for sure.	radio, Required	<table><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	1	True	2	False	3	Don't know		
1	True											
2	False											
3	Don't know											
17	[future]	Will prenatal screening give information about future pregnancies?	radio, Required	<table><tr><td>1</td><td>No - it only gives the woman information about this pregnancy.</td></tr><tr><td>2</td><td>Yes - once the woman has had a screening test she does not need it again for future pregnancies.</td></tr><tr><td>3</td><td>Yes - but only if the father of the baby is the same as the previous pregnancy.</td></tr><tr><td>4</td><td>Yes - but it only gives the woman some information about future pregnancies</td></tr></table>	1	No - it only gives the woman information about this pregnancy.	2	Yes - once the woman has had a screening test she does not need it again for future pregnancies.	3	Yes - but only if the father of the baby is the same as the previous pregnancy.	4	Yes - but it only gives the woman some information about future pregnancies
1	No - it only gives the woman information about this pregnancy.											
2	Yes - once the woman has had a screening test she does not need it again for future pregnancies.											
3	Yes - but only if the father of the baby is the same as the previous pregnancy.											
4	Yes - but it only gives the woman some information about future pregnancies											
18	[false_positive_2]	A false positive screening result means that the screen was positive but after diagnostic testing, there wasn't a problem with the baby.	radio, Required	<table><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	1	True	2	False	3	Don't know		
1	True											
2	False											
3	Don't know											
19	[nipt]	What conditions does NIPT screen for?	radio, Required									

				<table border="1"> <tr><td>1</td><td>Down syndrome, Trisomy 18, and other chromosomal problems.</td></tr> <tr><td>2</td><td>Twin pregnancy</td></tr> <tr><td>3</td><td>Neural tube defect such as Spina Bifida</td></tr> <tr><td>4</td><td>Diabetes</td></tr> </table>	1	Down syndrome, Trisomy 18, and other chromosomal problems.	2	Twin pregnancy	3	Neural tube defect such as Spina Bifida	4	Diabetes
1	Down syndrome, Trisomy 18, and other chromosomal problems.											
2	Twin pregnancy											
3	Neural tube defect such as Spina Bifida											
4	Diabetes											
	20	[separates]	Prenatal screening separates those whose baby may have a problem from those whose baby probably doesn't.	radio, Required <table border="1"> <tr><td>1</td><td>True</td></tr> <tr><td>2</td><td>False</td></tr> <tr><td>3</td><td>Don't know</td></tr> </table>	1	True	2	False	3	Don't know		
1	True											
2	False											
3	Don't know											
	21	[higher_risk]	Which women are at a higher risk of having a baby with Down syndrome?	radio, Required <table border="1"> <tr><td>1</td><td>Women who have never been pregnant before</td></tr> <tr><td>2</td><td>Women who are over 35 years of age.</td></tr> <tr><td>3</td><td>Women who have a poor diet during pregnancy</td></tr> <tr><td>4</td><td>Women who are African American or Latino</td></tr> </table>	1	Women who have never been pregnant before	2	Women who are over 35 years of age.	3	Women who have a poor diet during pregnancy	4	Women who are African American or Latino
1	Women who have never been pregnant before											
2	Women who are over 35 years of age.											
3	Women who have a poor diet during pregnancy											
4	Women who are African American or Latino											
	22	[tell_problem]	Will this screening test tell a woman for sure if there's a problem with her baby?	radio, Required <table border="1"> <tr><td>1</td><td>No</td></tr> <tr><td>2</td><td>Yes</td></tr> <tr><td>3</td><td>Don't know</td></tr> </table>	1	No	2	Yes	3	Don't know		
1	No											
2	Yes											
3	Don't know											
	23	[should_happen]	What should happen if a woman gets a positive screening result?	radio, Required <table border="1"> <tr><td>1</td><td>Nothing - she will have to wait until the baby is born to find out if the baby has Down syndrome.</td></tr> <tr><td>2</td><td>Her provider will recommend an ultrasound and further diagnostic testing.</td></tr> <tr><td>3</td><td>She should consider having a quad screen.</td></tr> <tr><td>4</td><td>She should do the NIPT screening test again.</td></tr> </table>	1	Nothing - she will have to wait until the baby is born to find out if the baby has Down syndrome.	2	Her provider will recommend an ultrasound and further diagnostic testing.	3	She should consider having a quad screen.	4	She should do the NIPT screening test again.
1	Nothing - she will have to wait until the baby is born to find out if the baby has Down syndrome.											
2	Her provider will recommend an ultrasound and further diagnostic testing.											
3	She should consider having a quad screen.											
4	She should do the NIPT screening test again.											
	24	[why_screen]	If there is no cure for chromosomal problems, why would a woman do the screening? Answer all that are correct	checkbox <table border="1"> <tr> <td>1</td> <td>why_screen__1</td> <td>Screening is a non-invasive way to find out if a baby is at increased risk for certain problems.</td> </tr> </table>	1	why_screen__1	Screening is a non-invasive way to find out if a baby is at increased risk for certain problems.					
1	why_screen__1	Screening is a non-invasive way to find out if a baby is at increased risk for certain problems.										

				<table><tr><td>2</td><td>why_screen__2</td><td>Many women get screened because they want to be reassured.</td></tr><tr><td>3</td><td>why_screen__3</td><td>If there is a problem, many women want to have time to prepare.</td></tr><tr><td>4</td><td>why_screen__4</td><td>To see if the baby has diabetes</td></tr></table>	2	why_screen__2	Many women get screened because they want to be reassured.	3	why_screen__3	If there is a problem, many women want to have time to prepare.	4	why_screen__4	To see if the baby has diabetes	
2	why_screen__2	Many women get screened because they want to be reassured.												
3	why_screen__3	If there is a problem, many women want to have time to prepare.												
4	why_screen__4	To see if the baby has diabetes												
	25	[lower_risk]	How does a woman know if she is at a lower risk for having a baby with Down syndrome?	<table><tr><td colspan="2">radio, Required</td></tr><tr><td>1</td><td>A woman is at lower risk if she has never been pregnant</td></tr><tr><td>2</td><td>A woman is at lower risk if she is under 35 years old.</td></tr><tr><td>3</td><td>A woman is at lower risk if she had no difficulty getting pregnant.</td></tr><tr><td>4</td><td>African-American women are at lower risk for Down syndrome.</td></tr></table>	radio, Required		1	A woman is at lower risk if she has never been pregnant	2	A woman is at lower risk if she is under 35 years old.	3	A woman is at lower risk if she had no difficulty getting pregnant.	4	African-American women are at lower risk for Down syndrome.
radio, Required														
1	A woman is at lower risk if she has never been pregnant													
2	A woman is at lower risk if she is under 35 years old.													
3	A woman is at lower risk if she had no difficulty getting pregnant.													
4	African-American women are at lower risk for Down syndrome.													
	26	[neg_screening]	A negative screening result for a condition means it is very unlikely that a baby has the condition. In general, no further diagnostic testing is necessary.	<table><tr><td colspan="2">radio, Required</td></tr><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	radio, Required		1	True	2	False	3	Don't know		
radio, Required														
1	True													
2	False													
3	Don't know													
	27	[nipt_does_not]	NIPT does not directly test for individual birth defects such as spina bifida and congenital heart disease.	<table><tr><td colspan="2">radio, Required</td></tr><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	radio, Required		1	True	2	False	3	Don't know		
radio, Required														
1	True													
2	False													
3	Don't know													
	28	[diagnostic]	Which of the following is a diagnostic test?	<table><tr><td colspan="2">radio, Required</td></tr><tr><td>1</td><td>Cell free DNA test</td></tr><tr><td>2</td><td>Ultrasound</td></tr><tr><td>3</td><td>Amniocentesis</td></tr><tr><td>4</td><td>Maternal serum markers</td></tr></table>	radio, Required		1	Cell free DNA test	2	Ultrasound	3	Amniocentesis	4	Maternal serum markers
radio, Required														
1	Cell free DNA test													
2	Ultrasound													
3	Amniocentesis													
4	Maternal serum markers													
	29	[low_risk_high_risk]	The younger a woman is, the lower the risk. The older a woman is, the higher the risk.	<table><tr><td colspan="2">radio, Required</td></tr><tr><td>1</td><td>True</td></tr><tr><td>2</td><td>False</td></tr><tr><td>3</td><td>Don't know</td></tr></table>	radio, Required		1	True	2	False	3	Don't know		
radio, Required														
1	True													
2	False													
3	Don't know													

30	[chromosomal_problems]	Prenatal screening commonly screens for chromosomal problems such as Down syndrome and Trisomy 18.	radio, Required <table border="1"> <tr><td>1</td><td>True</td></tr> <tr><td>2</td><td>False</td></tr> <tr><td>3</td><td>Don't know</td></tr> </table>	1	True	2	False	3	Don't know				
1	True												
2	False												
3	Don't know												
31	[knowledge_complete]	Section Header: <i>Form Status</i> Complete?	dropdown <table border="1"> <tr><td>0</td><td>Incomplete</td></tr> <tr><td>1</td><td>Unverified</td></tr> <tr><td>2</td><td>Complete</td></tr> </table>	0	Incomplete	1	Unverified	2	Complete				
0	Incomplete												
1	Unverified												
2	Complete												
Instrument: Values Clarification Questions (values_clarification_questions)  Enabled as survey													
32	[important_know]	Section Header: <i>Questions to help decide whether or not to have any testing:</i> How important to you is knowing whether or not your baby will be born with a health problem such as Down syndrome?	radio, Required <table border="1"> <tr><td>1</td><td>very important</td></tr> <tr><td>2</td><td>somewhat important</td></tr> <tr><td>3</td><td>I am not sure</td></tr> <tr><td>4</td><td>not very important</td></tr> <tr><td>5</td><td>not important at all</td></tr> </table>	1	very important	2	somewhat important	3	I am not sure	4	not very important	5	not important at all
1	very important												
2	somewhat important												
3	I am not sure												
4	not very important												
5	not important at all												
33	[for_sure]	Would you choose to have a diagnostic test that would tell you for sure whether or not your baby has Down syndrome, even if it could cause a miscarriage?	radio, Required <table border="1"> <tr><td>1</td><td>definitely</td></tr> <tr><td>2</td><td>probably</td></tr> <tr><td>3</td><td>I am not sure</td></tr> <tr><td>4</td><td>probably not</td></tr> <tr><td>5</td><td>definitely not</td></tr> </table>	1	definitely	2	probably	3	I am not sure	4	probably not	5	definitely not
1	definitely												
2	probably												
3	I am not sure												
4	probably not												
5	definitely not												
34	[worse]	Which would be harder for you, having a child with Down syndrome or having a miscarriage that may be caused by a prenatal test?	radio, Required <table border="1"> <tr><td>1</td><td>definitely worse to have a child with Down syndrome</td></tr> <tr><td>2</td><td>probably worse to have a child with Down syndrome</td></tr> <tr><td>3</td><td>I am not sure</td></tr> <tr><td>4</td><td>probably worse to have a miscarriage</td></tr> <tr><td>5</td><td>definitely worse to have a miscarriage</td></tr> </table>	1	definitely worse to have a child with Down syndrome	2	probably worse to have a child with Down syndrome	3	I am not sure	4	probably worse to have a miscarriage	5	definitely worse to have a miscarriage
1	definitely worse to have a child with Down syndrome												
2	probably worse to have a child with Down syndrome												
3	I am not sure												
4	probably worse to have a miscarriage												
5	definitely worse to have a miscarriage												
35	[false_pos_result]	Section Header: <i>Questions to help choose between starting with screening or going straight to invasive testing</i> How important is it to you to avoid a false positive screening result?	radio, Required <table border="1"> <tr><td>1</td><td>very important</td></tr> <tr><td>2</td><td>somewhat important</td></tr> <tr><td>3</td><td>I am not sure</td></tr> <tr><td>4</td><td>not very important</td></tr> <tr><td>5</td><td>not important at all</td></tr> </table>	1	very important	2	somewhat important	3	I am not sure	4	not very important	5	not important at all
1	very important												
2	somewhat important												
3	I am not sure												
4	not very important												
5	not important at all												

36	[fetus_has]	How important to you is knowing for sure whether or not your baby has Down syndrome?	radio, Required <table border="1"> <tr><td>1</td><td>very important</td></tr> <tr><td>2</td><td>somewhat important</td></tr> <tr><td>3</td><td>I am not sure</td></tr> <tr><td>4</td><td>depends on my risk</td></tr> <tr><td>5</td><td>not important</td></tr> </table>	1	very important	2	somewhat important	3	I am not sure	4	depends on my risk	5	not important		
1	very important														
2	somewhat important														
3	I am not sure														
4	depends on my risk														
5	not important														
37	[personal_risk]	Would it help you to know your personal risk (chance) of having a baby with Down syndrome before deciding whether or not to have a diagnostic test (CVS or amniocentesis)?	radio, Required <table border="1"> <tr><td>1</td><td>definitely would help me</td></tr> <tr><td>2</td><td>probably would help me</td></tr> <tr><td>3</td><td>I am not sure</td></tr> <tr><td>4</td><td>probably would not help me</td></tr> <tr><td>5</td><td>definitely would not help me.</td></tr> </table>	1	definitely would help me	2	probably would help me	3	I am not sure	4	probably would not help me	5	definitely would not help me.		
1	definitely would help me														
2	probably would help me														
3	I am not sure														
4	probably would not help me														
5	definitely would not help me.														
38	[married]	Section Header: <i>The next questions ask about other people's involvement in your prenatal testing decisions.</i> Are you married or significantly involved with a partner?	radio, Required <table border="1"> <tr><td>1</td><td>No</td></tr> <tr><td>2</td><td>Yes</td></tr> </table>	1	No	2	Yes								
1	No														
2	Yes														
39	[partner_yes] Show the field ONLY if: [married] = '2'	Is your partner the father of the baby?	radio, Required <table border="1"> <tr><td>1</td><td>No</td></tr> <tr><td>2</td><td>Yes</td></tr> <tr><td>3</td><td>Don't know</td></tr> </table>	1	No	2	Yes	3	Don't know						
1	No														
2	Yes														
3	Don't know														
40	[partner]	Please tell us about your partner's role in your testing decision. In deciding about prenatal testing options for your pregnancy, who do you think should decide which test(s) if any you should have? Partner - here refers to your husband or significant other	radio, Required <table border="1"> <tr><td>1</td><td>Me alone</td></tr> <tr><td>2</td><td>Mostly me</td></tr> <tr><td>3</td><td>My partner and me equally</td></tr> <tr><td>4</td><td>Mostly my partner</td></tr> <tr><td>5</td><td>My partner alone</td></tr> <tr><td>6</td><td>Insurance company</td></tr> </table>	1	Me alone	2	Mostly me	3	My partner and me equally	4	Mostly my partner	5	My partner alone	6	Insurance company
1	Me alone														
2	Mostly me														
3	My partner and me equally														
4	Mostly my partner														
5	My partner alone														
6	Insurance company														
41	[providers_role]	Please tell us about your health care provider's role in your testing decision.	descriptive												
42	[hc_provider]	In deciding about prenatal testing options for your pregnancy, who do you think should decide which test(s) if any you should have? "Health care provider" here refers to the obstetrician, nurse, midwife or family practitioner who is responsible for your prenatal care.	radio, Required <table border="1"> <tr><td>1</td><td>Me alone</td></tr> <tr><td>2</td><td>Mostly me</td></tr> <tr><td>3</td><td>Health care provider and me equally</td></tr> <tr><td>4</td><td>Mostly the health care provider</td></tr> <tr><td>5</td><td>Health care provider alone</td></tr> <tr><td>6</td><td>Insurance company</td></tr> </table>	1	Me alone	2	Mostly me	3	Health care provider and me equally	4	Mostly the health care provider	5	Health care provider alone	6	Insurance company
1	Me alone														
2	Mostly me														
3	Health care provider and me equally														
4	Mostly the health care provider														
5	Health care provider alone														
6	Insurance company														

43	[receive]	Please tell us about your experience receiving information about prenatal screening.	descriptive										
44	[amount]	How would you rate the amount of information you just received about prenatal testing?	radio, Required <table border="1"> <tr> <td>1</td> <td>Much more than I needed</td> </tr> <tr> <td>2</td> <td>A little more than I needed</td> </tr> <tr> <td>3</td> <td>About right</td> </tr> <tr> <td>4</td> <td>A little less than I needed</td> </tr> <tr> <td>5</td> <td>A lot less than I needed</td> </tr> </table>	1	Much more than I needed	2	A little more than I needed	3	About right	4	A little less than I needed	5	A lot less than I needed
1	Much more than I needed												
2	A little more than I needed												
3	About right												
4	A little less than I needed												
5	A lot less than I needed												
45	[clear]	How clearly was that information presented?	radio, Required <table border="1"> <tr> <td>1</td> <td>Everything was clear</td> </tr> <tr> <td>2</td> <td>Most things were clear</td> </tr> <tr> <td>3</td> <td>Some things were unclear</td> </tr> <tr> <td>4</td> <td>Many things were unclear</td> </tr> </table>	1	Everything was clear	2	Most things were clear	3	Some things were unclear	4	Many things were unclear		
1	Everything was clear												
2	Most things were clear												
3	Some things were unclear												
4	Many things were unclear												
46	[balance]	How balanced (both the pros and cons) was the information in the game?	radio, Required <table border="1"> <tr> <td>1</td> <td>Clearly slanted (biased) toward prenatal screening</td> </tr> <tr> <td>2</td> <td>Slightly slanted (biased) toward prenatal screening</td> </tr> <tr> <td>3</td> <td>Completely balanced</td> </tr> <tr> <td>4</td> <td>Slightly slanted (biased) away from prenatal screening</td> </tr> <tr> <td>5</td> <td>Clearly slanted away from prenatal screening</td> </tr> </table>	1	Clearly slanted (biased) toward prenatal screening	2	Slightly slanted (biased) toward prenatal screening	3	Completely balanced	4	Slightly slanted (biased) away from prenatal screening	5	Clearly slanted away from prenatal screening
1	Clearly slanted (biased) toward prenatal screening												
2	Slightly slanted (biased) toward prenatal screening												
3	Completely balanced												
4	Slightly slanted (biased) away from prenatal screening												
5	Clearly slanted away from prenatal screening												
47	[unable] Show the field ONLY if: [group] = '2'	Were there any tests or procedure that you were hoping to learn about but were unable to find in the program?	radio, Required <table border="1"> <tr> <td>1</td> <td>No</td> </tr> <tr> <td>2</td> <td>Yes</td> </tr> </table>	1	No	2	Yes						
1	No												
2	Yes												
48	[unable_note] Show the field ONLY if: [unable] = '2'	If yes, what were they?	notes										
49	[strategies] Show the field ONLY if: [group] = '2'	Were there any testing strategies that you were interested in that were not discussed by the game?	radio, Required <table border="1"> <tr> <td>1</td> <td>No</td> </tr> <tr> <td>2</td> <td>Yes</td> </tr> </table>	1	No	2	Yes						
1	No												
2	Yes												
50	[strategies_note] Show the field ONLY if: [strategies] = '2'	If yes, what were they?	notes										

51	[recommend] Show the field ONLY if: [group] = '2'	Would you recommend the game you played to a friend of yours who is pregnant?	radio, Required <table border="1"> <tr> <td>1</td> <td>Yes - I would definitely recommend it</td> </tr> <tr> <td>2</td> <td>I would probably recommend it</td> </tr> <tr> <td>3</td> <td>Maybe I would recommend it</td> </tr> <tr> <td>4</td> <td>I doubt that I would recommend it</td> </tr> <tr> <td>5</td> <td>No - I definitely would not recommend it</td> </tr> </table>	1	Yes - I would definitely recommend it	2	I would probably recommend it	3	Maybe I would recommend it	4	I doubt that I would recommend it	5	No - I definitely would not recommend it								
1	Yes - I would definitely recommend it																				
2	I would probably recommend it																				
3	Maybe I would recommend it																				
4	I doubt that I would recommend it																				
5	No - I definitely would not recommend it
